

PROVE A REVOLUTION OF TECK, IS TO BE NEXT GOVERNOR GENERAL OF DOMINION OF CANADA

BANDITS KILL TWO BRITISH SUBJECTS, AND ONE AMERICAN

EIGHT OTHERS ARE CUT OFF BY ROBBERS

Tragedy is Reported From Mines in Neighborhood of Guadalupe.

FOUR MEET DEATH BY BOMB FROM BIPLANE

Rebels and Federals Continue Fighting at Mazatlan, Former Winning.

Washington, D.C., May 7.—One American and two British subjects have been killed at mines in the vicinity of Guadalupe. A Mr. Tansell, presumably a British subject, and several Americans are cut off by bandits in the vicinity. This information came in a despatch from the British vice-consul at Guadalupe to the British embassy today.

This despatch to the British embassy was sent in response to an inquiry about the condition of the "Guadalupe mine and the safety of Americans there." It reads: "British killed, Mexicans six. Americans all safe. One American and two British killed at other mines in the vicinity. All mines completely abandoned and seven Americans cut off by bandits at Mazatlan and Guadalupe. Only 15 Americans in Mazatlan."

The despatch did not mention the names of the American and British killed. Disquieting news also was received at the Embassy from Tampico. Both Federal and Constitutionalist threatened to interfere with the British and American Oil operators who were re-opening the oil districts to resume operations under the promise of protection from both sides. The Mexicans have notified the British and Americans that no one will be allowed to land unless all warships withdrawn. Instructions have been sent to the returning operators not to attempt landing at any port unless instructed by the British Commander on the spot.

Leave for Vera Cruz
The state department today announced that Brazilian legation in Mexico City had transmitted information of the departure of a train bearing 600 and 200 refugees from Mexico City for Vera Cruz. The train was in three sections under the Brazilian flag and among the refugees were Dr. Edward Ryan, special representative of the American Red Cross, who had been held by the Huerta authorities.

The French government is taking active steps to obtain news and secure the safety of John R. Sullivan, American Vice and Deputy consul at Mexico City, who disappeared while on a mission to San Luis Potosi. French consular agents in Mexico are being urged to look out for Mr. Sullivan and the French charge d'affaires at Mexico City will make representations to General Huerta about him.

A despatch received at the French embassy here from Mexico City states that President Huerta, in reply, assured the charge that orders would be given to the Federal commanders to protect Mr. Sullivan. In every way the charge added, however, that telegraphic communication with Saltillo was interrupted and it was doubtful whether any news concerning Mr. Sullivan could get through.

The command of the Constitutional forces at Durango and Torreon has started on its march to begin the campaign for the capture of Saltillo and Zacatecas. This information, which was received in a report to the state department today from Consul Hamm at Durango confirms the report received yesterday from the correspondent of the Associated Press at Torreon.

O'Shaughnessy in Washington
Nelson O'Shaughnessy, charge of the American embassy at Mexico City and United States troops seized Vera Cruz, arrived in Washington early today. With his family he was driven immediately to a hotel and planned to confer with Secretary Bryan later. Misfortune followed Mr. O'Shaughnessy even to the seat of his home government. Having lost most of his personal possessions when the Mexicans looted his trunks outside of Vera Cruz after his departure from Mexico City, the American charge last morning started his personal belongings en route from New Orleans to Washington. Luggage, which had been checked,

EDMONTON MAN MADE FELLOW OF ROYAL COLONIAL INSTITUTE

A despatch received from London, England today states that Edward D. Clarke of Edmonton has been elected a fellow of the Royal Colonial Institute. Mr. Clarke has visited practically every part of the British Empire, and has been engaged in construction work in many of the biggest undertakings in the empire, including the Cape to Cairo railway. He fought in South Africa, being one of the first volunteers to leave Edmonton in 1898. He was away for several years and returned to Edmonton two years later. Last February he returned after a trip around the world, leaving Vancouver and going eastward, and returning from England across the Atlantic. While in London he was proposed as a fellow of the Colonial Institute, and has just been notified of his admission to this honorable fellowship of empire builders.

ONE THOUSAND DOLLARS AWARD AGAINST CITY

Mrs. George Batt Gets Damages for Injuries in Street Car Accident.

SEQUEL TO COLLISION WITH G.T.P. FREIGHT

May Be Unable to Perform Household Duties for Years to Come.

One thousand dollars damages and costs were awarded to Mrs. Maud Batt, wife of George Batt, by Mr. Justice Walsh in the supreme court of Alberta today on account of injuries which she received in a collision between a city street railway car in which she was travelling and a Grand Trunk freight train near the Exhibition grounds on September 12 last.

The street car was overturned by the freight train and Mrs. Batt received injuries to the back and hips and also internal injuries in consequence of which she had been in hospital and had also incurred considerable medical expenses. She had been unable to perform her household duties since and claimed that she would probably be unable to do so for years to come.

Plaintiff was represented by A. G. Mackay and the city was represented by J. C. F. Brown.

Evidence for the plaintiff was given by Dr. Donald McGibbon, by Ethel Browning and Mrs. Batt's servant. Dr. Andrew Campbell, who was called in behalf of the city, thought the injuries not quite so serious as represented.

SURRENDER OF WEAPON IN COLORADO GOES ON SINCE PROCLAMATION

Washington, D.C., May 7.—Major Simmons, in command of two troops of cavalry in Boulder County, Colorado, reported to the war department today that up to last night a total of 110 weapons had been given up in that district in obedience to the proclamation which was issued by the state of Colorado for the surrender of arms by striking miners and mine guards. Major Simmons asked and received assurance that all weapons collected would be sent to Fort Logan.

PONOKA POST OFFICE AND GENERAL STORE DESTROYED BY FIRE

Ponoka, Alta., May 7.—Fire which burned fiercely for three hours early this morning destroyed a general store and two other smaller buildings. The post office was located in the former and was destroyed. The damage is not known. The building was partially insured.

CHIEF JUSTICE HARVEY GIVES SEVEN YEARS THEFT HORSE AND BUGGY

Lethbridge, Alta., May 7.—A sentence of seven years in the Edmonton penitentiary was this morning passed by Chief Justice Harvey at the supreme court on E. P. Blair for stealing a team and buggy from the main street in Barons in September and conveying same to Montana.

REV. DR. ARMSTRONG MAKES STRONG SPEECH

States Fundamental Principle Good Citizenship is Patriotism For Home.

Rev. Dr. W. L. Armstrong, pastor of the St. Paul's Methodist church, was the principal speaker at today's luncheon of the Edmonton Industrial association in the Empire auditorium. His subject was "Why I Became a Member of the Industrial association," and, coming from such a source, was interesting to both those who have already joined and those who intend to join.

"First of all," declared Dr. Armstrong, "I joined it because I like to mix with men—big men of the west who do things. Secondly, I was given to understand, and I thought myself that this class of men whom I delight to meet, in the third place, both my church wished me to join, and I wished to join myself, because I believed this was the very best place to get authoritative information about Edmonton and Alberta."

"Underneath and behind all of these, however, is the idea that the fundamental principle of good citizenship is patriotism. I believe that no matter what city one makes his home, that city should be the first in one's heart and affections, and whatever province one lives in should be regarded ahead of any other in the dominion. I might also say that there is something wrong in the make-up of any man who does not have a high regard for women in general, and just a little higher for the mother that bore him than for the others."

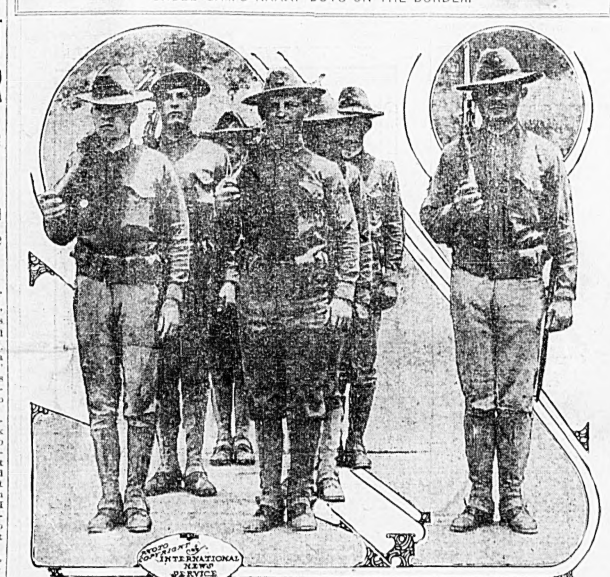

"If the Laplander, the man from the tropics, the Englishman, the Swiss, or the Irish can see in their respective countries something dear to their heart—something to enthrone over what can we not see in Edmonton and in Alberta with its delightful bracing climate, its clear air, its sunshine all night and part of the day almost all year, and its breezy western spirit? "I find in trying to instill a love for this city and for this province that I am working in entire harmony with the very best in my nature. And to tell the truth I do not find this task a hard one, especially with the Edmonton Industrial association in the position it is in."

Dr. Armstrong was applauded loudly and long. His address was highly appreciated by the members of the association, to the number of between 220 and 300. It referred to things on a par with those that he had heard at the gatherings from their very nature. There was another round of applause when Dr. Armstrong had finished his address.

Dr. Armstrong was among those who have made deposits for the June trip to Toronto and back, and he was one of the speakers on the way down and at the convention. In the instance of what those attending the regular Thursday noon luncheon may expect was furnished today, when two five-minute speeches were given by W. Wakeford, a capitalist of Liverpool, England, and W. Douglas, a Toronto barrister, who were invited here to look the city and province over, with special regard to its live stock possibilities and whom George M. Batt, industrial commissioner, accompanied to the luncheon and speak on "How to Make Alberta Grow."

Mr. Wakeford humorously stated that he had been in the city 36 hours and was therefore well qualified to tell the people here how to do things. He advised them, however, to go ahead and do things when they made up their minds to do them.

CLARKE ASSURES PLUMBERS CITY AND PROVINCE WILL BE FIRST TO PASS LAWS

DELEGATES FAVOR EXAMINATIONS FOR MASTERS AND MEN

Also Go on Record For Further Encouragement Technical Education.

BANQUET IN EMPIRE AUDITORIUM AT NIGHT

List of Toasts Spoken to by Men Prominent in West.

The convention of the western section of the Canadian Institute of Sanitary Engineers, which ended here yesterday, went on record as being strongly in favor of the encouragement of technical education in the schools and of examinations under provincial auspices for both master and journeyman plumbers.

They considered that there was more needed by a successful modern plumber than the mere manual practice he received in the shop and it seemed to be the opinion of most of the delegates that technical education, which is partly practice and partly theory, was essential in conjunction with the present apprentice system. In regard to examinations for plumbers, it was declared that this would prove to the benefit of the whole community, whose health depended to a great extent on the quality of plumbing.

At the banquet held in the evening in the Empire auditorium, Alderman Clarke, who replied to the toast of "The City of Edmonton," stated that he was certain that if the plumbers would draft a proposed law bringing into force that which they had decided upon as necessary the city of Edmonton would be the first to adopt same.

He would go further and say that if they wished the province to take action along these lines he was also sure from his knowledge of the attorney general and member of the legislature of this kind, that Alberta would be the first to do with matters of this kind. He said that he had foreseen in this kind of legislation, as it had always been foreseen in legislation that was of benefit to the people at large.

The following toasts were also spoken to at the banquet, which was one of the most enjoyable ever held in the auditorium. "The City of Edmonton," proposed by President James Smith of Winnipeg, and responded to by Alderman Joseph A. Clarke.

"Our Visitors," proposed by F. McKinnon of Edmonton, and responded to by G. E. Knicker of Saskatoon, and by S. L. Lamson, manager of the Alberta Hardware company of Winnipeg. "The Institute," proposed by C. R. Barton of Edmonton, and responded to by President Smith, and W. J. Ochampanough of St. Boniface.

"Science," proposed by Robert Blackwood, school commissioner of Saskatoon, and responded to by Dr. T. H. Whitelaw, medical health officer, and W. Y. Irvine.

"The Supply Houses," proposed by

W.C.T.U. WILL TAKE UP CAMPAIGN FOR WOMAN SUFFRAGE

Votes for Women Forms Subject of Discussion at Annual Convention.

MRS. COOK, EDMONTON, TO LEAD MOVEMENT

Master Chester Culler of This City Wins Gold Medal Contest.

The Edmonton delegates to the W.C.T.U. second annual convention returned this morning from Vegreville where the convention was held on May 4th and 5th. A large assembly of delegates from Edmonton, Telford, Viking and other points in Alberta were present. A pleasing event in this connection was the attendance also of a delegate from Edmonton who reported excellent work accomplished in their union at Edmonton.

In the absence of Mrs. Burbeck, the chair was occupied by Mrs. McKinney of Clearwater, provincial president. The convention was presided over by Mrs. McKinney.

Results of Suffrage.
Mrs. Howard of Edmonton, told of the work being done by the L.T.L. and Mrs. Patalio read a paper on "Some good results obtained by Woman's Suffrage" and gave some very helpful information. In the course of her remarks she argued that woman is an independent element in politics and votes for the man best suited to fill the position. In places where women have the franchise it was shown that it has been for the betterment of women, especially in reference to laws concerning

APPOINTEE IS A BROTHER OF QUEEN MARY

Served in the Matabeleland and Received a Medal for His Services.

REWARDED AGAIN FOR SOUTH AFRICAN WORK

Forty Years Old, Husband of Princess Alice of Albany, Has Two Children.

London, May 7.—Prince Alexander of Teck, is to succeed the Duke of Connaught as governor-general of Canada. Official announcement of this appointment was made today.

His Serene Highness Prince Alexander Augustus Frederick George of Teck, G.C.B., G.C.V.O., Knight of Justice, St. John of Jerusalem, Grand President of the Order of Merit, was born on April 14, 1874, and is a brother of Queen Mary of England.

The new governor-general is the third son of the late Duke of Teck and the late Princess Mary Adelaide. He was educated at Eton and at the Royal Military College at Sandhurst and later held a captain's commission in the 7th Hussars and the Royal Horse Guards. At present he holds the rank of major in the 2nd Life Guards.

Prince Alexander served at Matabeleland in 1896, was mentioned in despatches and received the Queen's Medal with five clasps, of the distinguished service order.

Prince Alexander was married in 1901 to Her Royal Highness Princess Alice of Albany, who was born in 1882. They have two children living, Princess May Helen Emma, born in 1905, and Prince Rupert Alexander, born in 1907. The princess is a daughter of the late Leopold George Duncan Albert, first Duke of Albany and his wife, Princess Helena of Waldeck and Pyrmont, now H. R. H. the Dowager Duchess of Albany, who is a cousin of Queen Wilhelmina of the Netherlands.

WINNIPEG EXPERTS SLOW IN REPLYING TO MAYOR'S REQUEST

Mayor McNamee sent an urgent request by wire to Sanford Evans, ex-mayor of the city of Winnipeg, and the superintendent of the Manitoba stock yards last Friday asking them to come to Edmonton at the city's expense in order that they might give their opinion as to the most suitable site for the location of the union stock yards here.

The mayor, when interviewed this morning, stated that he had not only sent a wire, but had sent several telegrams, and had also received an acknowledgment of his telegrams. However, his wireless sent another wire asking them to hurry in giving an immediate answer. A reply is expected by tomorrow morning.

FIVE MEN ARE UNDER ARREST ON SUSPICION OF MURDER AT VERNON

Vernon, B.C., May 7.—Five men were arrested today on suspicion of being implicated in the murder of James Berryman, a lumber jack, whose dead body was found on Sunday, 28 miles from Vernon, last Friday morning. The coroner's jury returned a verdict of murder by persons unknown. The evidence showed the deceased had been in company with five men when seen last.

EXTENSIVE RECRUITING OF TEACHER SUPPLY IN ALBERTA TAKING PLACE

A very extensive recruiting of the teacher supply in Alberta has taken place within the last few days, a large number of teachers who are taking courses in the eastern universities having arrived to take charge of schools during the summer months in this province. The majority of the teachers coming from outside points have been recruited from Ontario, Manitoba universities and a large number of teachers from the University of Alberta will attend the teaching work during the summer.
"Within the week," said the Hon. J. J. Ryan, minister of education, today, "we expect that every school where there are the requisite number of children will have been supplied with a teacher."

CALGARY CHURCHES WILL MAKE SUNDAY A TEMPERANCE DAY

Next Sunday will be observed as Temperance Campaign Sunday in the city of Calgary, when it is expected the ministers of that city will co-operate and speak on the question of temperance from their own pulpits. Two of the secretaries of the league will be present in Calgary occupying as many pulpits as are opened to them.
It is also planned to have the exhibit for temperance on display in one of the stores in that city. The program for the special meeting throughout the week following includes lectures at Grace Presbyterian church, Central Methodist church, Victoria Methodist church and St. Andrew's Presbyterian church. The services on Sunday will be held in First Baptist church, First Congregational church and Trinity Methodist church.

TOLD HIM OVER PHONE HE WOULD BEAT HIM UP, AND THEN DID IT

A. A. Kall pleaded guilty in the police court today to the charge of assaulting and beating C. E. Lawrence and was fined \$25 and costs. In his evidence the complainant stated that the accused had phoned him up and told him that he was going to beat him up. Lawrence then phoned the police and told them of the conversation. They advised him to phone as soon as Kall came into his shop and then they would send over and arrest him. However, he did not get time to phone the police, for once the accused saw his appearance he lost no time in beating him up.

Pretender is Assassinated.
Paris, May 7.—A Tangier, Morocco, dentist today reported the assassination of a French pretender to the Moroccan throne.

TALK ABOUT ULSTER RESORTING TO BAYONETS GOES ON IN IRELAND

Toronto, Ont., May 7.—A special cable from Belfast says: "It is understood here that a number of influential business men of all parties will be called into the Home Rule convention going on in London tomorrow."

Andrew's principle will be compromised has played the position of the convention. The opposition, it is certain, will never allow Home Rule to be passed without a pledge for the exclusion of Ulster. If otherwise, a provisional government will at once be set up, backed by the volunteers' bayonets.

General Macready visited Derry and Omagh yesterday, consulted the local authorities and returned to Belfast for further talks. Macready is the military governor of Belfast, commanding the Civil and Military forces of Ulster.

BRITAIN DEMANDS ENORMOUS AMOUNT MEAT EVERY YEAR

"In England," he added, "I can tell you this. The city of Edmonton has a better and cleaner reputation than that of any other in Canada. Now if you do anything to ruin that reputation you will be doing things and it will not be worth the effort of how to make Alberta grow, but how to let it grow."
"At a meeting in London recently (London is a village on the Thames, perhaps you have heard about it), a statement was made that one of Britain's biggest problems was the meat supply and that the country required 1,250,000 head of cattle worth a year, enough to keep 1,250 packing plants busy and turning over \$1,600,000 a year. There's something to do. Go ahead and do it."

Mr. Douglas stated that it seemed funny to them that the dinner and sleep east, to be asked to address the men from the west, so wide-awake and with such heavy methods, on such a subject. He thought that all this city needed to make it one of the greatest on the North American continent was to have the bare truth told about it. James Young, president of the Calgary Master Printer's association and Thomas Gilbard, a furniture manufacturer of Nanaimo, Ont., also spoke briefly. The latter stated that Mr. Magrath, an old friend of his, had been in the city on his (Mr. Gilbard's) first visit here seven years ago, he believed Mr. Magrath would have induced him to stay here.

Mr. A. Roth, vice-president of the association and chairman of the Ontario-Toronto committee, stated that enough reservations had been received to fill three sleepers and urged those who intended to make applications early. He warned them that no one would be allowed to advertise his or his firm's private business on the trip and only literature which would be allowed to be distributed would be that of the association and nothing would be advertised but Edmonton and Alberta. All wishing to take advantage of the Edmonton rate would be obliged to have their tickets certified by Mr. Milne.

Bus Paves, the celebrated clown of the Edmonton hall, today, greeted the large assembly hall with his presence and was presented with the \$25 donated by five companies of the association. The man making the first home run on the local grounds this season. Mr. Paves, an old friend of his, had been in the city on his (Mr. Gilbard's) first visit here seven years ago, he believed Mr. Magrath would have induced him to stay here.

concerning women and children. In Bill number 1 in the present session the percentage of men and women who voted was equal.

There was a discussion regarding the federation of the W. O. T. U. societies for the consideration of civic welfare and the matter was referred to the local societies to pass upon.

It was decided that a blotter be framed and copies presented to school children in the province, the blotter to bear some scientific temperance motto or verse.

Mrs. McKinney gave an address upon the subject of scientific temperance and urged that the teaching of this subject be enforced in the public schools.

Mrs. Spickles of Verreille read a paper on "How can my Union Help in the Prohibition Campaign?"

The officers elected for the ensuing year are as follows: President, Mrs. H. L. Goodwin, Verreille, vice president, Mrs. M. Fowler, Edmonton, corresponding secretary, Mrs. S. A. G. Harris, Edmonton, recording secretary, Mrs. W. G. Garret, Idem, treasurer, Mrs. A. E. McLaughlin, Viking.

could not be located when Mr. O'Shaughnessy arrived here.

O'Shaughnessy's first act, after reaching his hotel, was to hunt for a haberdashery shop. He then was besieged by interviewers, dropped in on a few old friends at the Metropolitan club and at 10:20 a.m. went to the state department and conferred with Secretary Bryan.

O'Shaughnessy assured inquiries that papers of the embassy and his code book still were safe in his possession.

As to his own future he would make no comment, denying, however, that he had resigned, or that he had heard of anyone officially tendering his own future in the service. Asked if he thought it possible for a compromise to be reached, he said he would be established in Mexico pending settlement of the difficulties the American chargéé reported in the afternoon.

He reiterated his former denial of reports that he had suggested to President Wilson a list of prominent Mexicans who might be chosen to take charge of the government there pending a constitutional election.

Killed by Rebel Biplane

On board U.S.S. California, Mazatlán, Mex., May 7.—(Via wireless to San Diego, May 7).—Four persons were killed and eight injured today by the explosion of a bomb that was dropped into the city streets from a rebel biplane.

Firing between Rebel and Federal fortifications continues, and in the artillery duel the besieging forces have been successful in their attack.

Oil Interests Gather

New York, N.Y., May 7.—Representatives of practically every petroleum interest in Mexico gathered in New York today to attend a meeting called for tonight, when the Mexican situation will be discussed. It is understood that the consensus of opinion is that oil men will be permitted to return to work in the fields under protection and guarantee as may be obtained from Federal and Constitutional factions in Mexico.

Five Rebels Arrested

Laredo, Texas, May 7.—(Via wireless to New York, May 7).—Five rebels were arrested today by the United States army at Laredo, Texas. They had been in the city for some time and were charged with violating the embargo on contraband of war.

BITTER FIGHT WAGED IN COMMITTEE OVER CANADIAN PRUDENTIAL

Ottawa, Ont., May 7.—After one of the hardest fights ever raised over private measure the bill of the Prudential Life of Canada, passed the banking committee, this morning unopposed. The bill is an act to amend the Dominion charter of the Prudential Life insurance company of Manitoba.

FISHERMAN IS SWEEPED TO HIS DEATH OVER HORSE SHOE FALLS

Niagara Falls, N.Y., May 7.—Richard Snyder, a fisherman, was swept to his death yesterday. One of Snyder's oars broke and he was carried down the river and whirled over the horse shoe falls. Snyder tried his best to make shore, guiding with one oar, but his efforts were wasted.

He was noticed by the crews on two trolley cars on the Canadian side of the river well filled with passengers, who beheld the thrilling spectacle of a man swept to his death over the falls.

Eye witnesses say that when Snyder saw his fate was inevitable, he stopped his struggle against the current and stood up in the boat, then he waved his hands, giving mute expression in his actions to a farewell message.

A few seconds later he took the awful plunge. That was the last seen of him.

Express Agent Murdered

San Francisco, May 7.—Three masked bandits who murdered and robbed Elmer Harris, a Western Express agent, at Middleton, Lake County, last night, fled through the mountains today, pursued by constantly increasing forces.

Harris was shot dead without warning. His brother was grazed and tied. The robbers snatched a bag of the dead man's pockets and got about \$50, then they drove away without attempting to rob the safe or cash drawer.

U.S. Cruiser Movements

Washington, D.C., May 7.—The United States cruiser Washington has arrived at Puerto Plata, San Domingo, whither she was ordered to protect American interests endangered by the bombardment of the town by General Boudier's government troops, according to a report received at the navy department today from Captain Eberle. He made no mention of late developments in and around the beleaguered city.

CANADIAN COURTS ARE LAST RESORT IN CERTAIN CASES

Privy Council Declines Exercise Prerogative in Land Contract Purchase.

APPEALS GRANTED OTHERS, HOWEVER

Lord Haldane States Body Was Lax in Practice at One Time.

LONDON May 7.—The lord chancellor made an interesting pronouncement before the privy council today regarding Canadian appeals. The court was asked by Ogden Lawrence to grant leave to appeal in *Curry versus Hoots*, a Quebec case, in which the only point was the construction of a contract of land purchase. The lord chancellor, in referring to the case, said that Canada had created her own supreme court as a final court of appeals. The prerogative of appeals being held by the privy council was not, however, taken away, but the council did not remain an ordinary court of appeal. It was certain that the statute did not intend that there should be any going beyond the Canadian supreme court in a case such as was involved in the present application. The prerogative of the council ought not, therefore, to be exercised. His lordship added that there was once a period when in this respect the practice of the privy council was more lax than it should have been.

An application was made by R. C. Smith, K.C., on behalf of the Montreal Tramways company for leave to appeal against a decision of the king's bench of Quebec, which had upheld an order of the provincial legislature constituting a Quebec utilities commission and granting later, the power to summon witnesses, demand documents, etc. The tramways company maintained that such powers could only be granted by the dominion government. In granting leave to appeal Lord Haldane said that the attorney-general of the dominion would be allowed, if he chose, to intervene in this appeal. The privy council granted leave to appeal in the case of *McIntyre versus Surgeon*, concerning the sale and transfer of a license to restaurant premises in Montreal.

EAST END PARK PAVILION OPENS NEXT SATURDAY

Edmonton is to have some new attractions at the East End park this summer. Edgar Bros. and Crawford of Minneapolis, Minn. have leased the exhibition pavilion. Located on north side of park and is being fitted up for use of anyone wishing to spend an afternoon or evening there. One of the special features is that there will be dinners and suppers served in the pavilion dining room and also a full line of confectioneries, ice cream and refreshments. A five-piece orchestra will furnish the best of music for those who wish to dance either in the afternoon or evening. Edgar Bros. and Crawford are thoroughly experienced in this line and do not doubt the people of Edmonton will find the East End park pavilion a nice place to go during the summer afternoons and evenings. The building is being decorated this week and will open at 1 p.m. Saturday.

CUPID'S KNOTS

Rae-Robertson

A pretty home wedding was solemnized Tuesday evening at seven o'clock at the residence of Mr. and Mrs. James Ross, 417 1/2 St. West, when the bride, Miss Agnes Lillian Robertson, daughter of Mr. Archibald Robertson, St. Catharines, Ontario, became the bride of Mr. John Rae of Edmonton, Rev. D. G. McQueen officiating.

The bride who was given away by her brother-in-law, Mr. James Ross, was wearing a trained bridal costume of ivory with delicate lace and a shawl skirt revealing a foundation of princess lace with bouffant draperies. The bride was draped with a wreath of orange blossoms, and carried a shawl bouquet of lilacs of the valley and roses.

The bridegroom wore a suit of ivory with pearl trimmings. He was wearing a hand embroidered tulle waistcoat, and carried a shawl bouquet of lilacs of the valley and roses.

IN CLASSIC GARB, GIRLS USE TOES TO READ MUSIC

Philadelphia, Pa., May 7.—The young girls and a small child in classic dainties—though you must call them that—entertained members of the New Century Club in the clubhouse at 124 South Twelfth street. Dressed in unquestionably classic costumes, they danced scales up and down a lot of notes printed on paper and pasted on the floor of the club between the girls.

Really, the dancing was "musical training through correlated movements," as Mrs. Alys Bentley, a New York woman who taught the girls, explained. She also asserted that modern dances "fail to satisfy the soul hunger for beauty." According to Mrs. Bentley, you can dance "A flat" quite as expressively as any one can play it. That idea is followed out through all the correlated movements her pupils execute.

Mrs. Bentley's pupils, who are really very attractive, danced "Ba, Black Sheep" and "Hot Cross Buns" with a lot of interpretation. The dancing was not enough attuned to follow the "Ba, Ba, na" in the girls' steps, but that may have been because their grace demanded keen attention.

But when Mrs. Bentley sang a song about "Tiggy-Wiggies," they were all the girls were hopping. Each one correlated movement there was a well-timed clapping of applause and subdued hand clapping. There was art, skillfully developed in the correlated movements and no one could deny it.

Mrs. Bentley explained her idea while the girls were resting.

Of the modern dances, she said that the fundamental dance, the so-called modern dances lies in the fact that it does not content the soul hunger for beauty. It is a human thing which is inherent in the human soul. This was applauded. Most of those in the lecture seemed to agree there was some fundamental defect in the modern dances.

The girls were clinging draperies which just covered their knees, and sandals which failed to hide their toes. The little girls danced barefoot. Along the walls were three pictures taken at Hewitt, N. Y., in the Adirondacks. Compared with them, Gertrude Hoffman at her best—worst—was a swathed and banded water nymph.

The fundamental dance was repeated at the benefit of the Home and School League.

City Beautiful Work.

"Edmonton's Possibilities for Beautiful Home Surroundings" will be discussed by Mr. Walter Ramsey in the course of a lecture in the Oliver school building tomorrow (Friday) evening at 8 o'clock, under the auspices of the women's auxiliary of the Edmonton Humane society.

The auxiliary has arranged for the organization, and judging from the interest aroused by the women there is every reason to believe that Mr. Ramsey will be greeted by a large audience.

WOMEN'S AUXILIARY INDUSTRIAL ASSN. MEETS MAY 14

The members of the Women's Auxiliary of the Industrial Association are to have lunch with the association at the Empire auditorium on Thursday, May 14, at twelve o'clock sharp. All members are particularly asked to be present as a further organization is hoped to be effected at this next meeting.

High Cost of Living.

On her first arrival in the west the housewife from her old country is forcibly struck by what seems to her to be the excessive prices demanded for the most ordinary necessities of daily consumption. "25 cents for a cabbage," 10 and 15 cents for lettuce, 30 cents for a pound of tomatoes," she exclaims tragically; and so she does without many of these necessities, which she would not have removed from the reports, to which come all the products of the world; but some compromise between the high cost of living and the small prices of British and continental markets can be possible.

It is possible, thanks to the efforts of the Consumers' League, which has reduced prices in many cities of the United States, and west so near our own doors as Calgary. What is possible in one town is possible in another. The Consumers' League of the city of Edmonton ought not to be allowed to achieve the unenviable reputation of being a high-priced place to live in.

To help along the good cause, and to reduce the cost of living, all women are invited to attend the meeting convened by Mrs. Ewing with a view to the establishment of a branch of the Consumers' League in Edmonton. This is to be held next Friday afternoon May 8, commencing at 4 o'clock, in the Y.W.C.A. All women who realize the vital importance of this question are earnestly invited to be present. MISS ELLIE.

Y.W.C.A. Notes

A social is being held tonight in the Third street club room of the Y.W.C.A. for all girls connected with the Wellcome club, the embroidery class and finger exercises. Efforts will be made to reach every girl by personal invitation but if any have been overlooked it is hoped they will accept this as a cordial invitation to attend. The program will consist of progressive games and a few musical selections. Refreshments will be served. Proceedings will begin at 8:15 sharp. Refreshments will be served.

Entertainments by Y.W.C.A.

Two excellent performances are promised by the Edmonton classes of the Y.W.C.A. as a wind-up for the work of the winter season. Although the occasion has been postponed, classes in fancy drill and folk dancing and elocution have been held throughout the winter at all three branches, and very good work has been done by both senior and junior members.

The first performance will be given at the Empire auditorium on Tuesday, May 26, and will consist of a display of the folk dances of different nations, a fancy drill and folk dances, by the children's class as well as the senior class.

The other performance will consist of selections from "Hawthorne," and will take place on Saturday, the 29th inst. at 7:30 p.m. The city council have granted permission for this to be given on the river bank of the south side.

At Home

The Women's Aid society of the Royal Alexandra hospital are holding reception in the nurses' home on Saturday, May 14th from four to six o'clock and extend a cordial invitation to all members of this society, to the daughters of Mercy and to the women's Hospital Aid of the Strathcona hospital.

The new nurse's home is fully and comfortably furnished owing to the enthusiasm and untiring efforts of Mrs. F. V. Morgan, president of the women's Aid.

As a result of this home being ready for occupancy, the fourth floor of the hospital, formerly used by the nurses has been equipped for patients by the generosity of the Women's Aid.

The daughters of Mercy are now working hard to complete the furnishing of the children's ward—a work undertaken by them some time ago.

This ward will also be ready for inspection Saturday afternoon.

ESKIMOS PLAY N HARD LUCK AND LOSE TO QUAKERS 2 TO 1

Bill Hurley's Saskatoon Outfit Made Nice Cleanup While Here—
Moose Jaw Here Today for Balance of Week—Today's Game
Will Be Called at 6:15—Clayton or
Spaulding Will Pitch.

Eskimos played in hard luck last night and lost another game to Bill Hurley's Quakers, making it two wins out of three for the series. The final score was 2 to 1 and it was anybody's game all the way. Nothing but hard luck kept the Eskimos from scoring in the last of the eighth, but to Hurley's men went all the breaks and the Eskimos went in now wallowing around the bottom of the league.

Beer pitched fine ball for the winners, having eight strikeouts to his credit, while Killen for the Eskimos had six. Nelson and Walters behind the bat played steady games. Killen walked five and four. Eight hits were gathered off the Eskimos and six off the Quaker. Killen's habit of walking the first man at bat is bad, and it occurred three times last night. A hit would be the lesser of the two evils.

Eighteen hundred fans saw the game which was called at six o'clock sharp, but this hour is not sufficiently early to avoid darkness in the latter innings of the game. To avoid this, and also to meet the request of many fans for afternoon games, the amateur committee have decided to call the games with Moose Jaw tomorrow night at seven o'clock. The weather for fans and players alike. On Saturday the double-header will be played at three and six o'clock. The Eskimos have dropped three games to Calgary, Brooks and Regina. They should take a fall or two from the visitors and begin their upward climb to the top of the list.

First Inning.
Quakers—Mills hit a high-fly to "Norkie"—Harley did the same to Goble in left, and Wilson hit one to O'Brien. Three out, no runs.
Eskimos—Fortier drew a walk. Povey hit to right field for easy out. Fortier was called retreating to first. Goble hit for a nice single to center but Ruell was out on easy fly to Chick. No runs.

Second Inning.
Quakers—Chick walked. The air and Hurley was out, O'Brien to Norkie. Grover walked but Povey grabbed Harper's long fly. No runs.
Eskimos—Redmond hit a fly to Mills. Norkie and O'Brien each were given free transportation. Nelson went out short to first, the two men on bases advancing one. Killen struck out. No runs.

Third Inning.
Quakers—Walters drew four balls and Killen made pretty running out of Beer's hit over the first base line. Mills' single was good when Ruell fell over the ball and a mule-kick hit advanced Walters and Mills one base. Goble caught Harley's fly, but Tur Wilson's single to Povey, scored Walters and Mills. Wilson would have been out had not Redmond dropped the ball. Chick was out, Ruell to Norkie. Two runs.

Eskimos—Fortier hit a high one to left. Povey stepped on and hit the pill for two bases, but Goble's throw down the third base line for a single. Redmond singled to third, being safe on a low throw. Ruell making second. Norkie hit long fly to Wilson, and left two men on bases. One run.

Fourth Inning.
Quakers—Hurley hit a nice easy one to Povey and Killen fanned Grover in short order. Harper's fly to Povey made the third out. No runs.
Eskimos—Chick had no trouble catching O'Brien's fly, and the next two up, Nelson and Killen, struck out. No runs.

Fifth Inning.
Quakers—Walters was out, Ruell making the catch. Beer and Mills hit holes in the air. Mills trying his old stunt again, but nothing doing. No runs.
Eskimos—Fortier whiffed holes in the air and Povey drew a pass. Goble fanned and Ruell singled to third.

BRONKS AGAIN DEFEAT MILLERS

Game Allowed Only Two Hits
and One Run—Score
Three to One.

Calgary, May 7.—Except for a little wildness at the start, Gage pitched a wonderful game for the Bronks yesterday letting the Moose Jaw Millers down with two hits and one run, one of the hits and the only run coming in the first inning before he got under full steam. The Bronks gave him good support in the field and with the bat, nothing three rallies as a result of nine safe hits.

The victory for the Bronks yesterday made a clean sweep of the series. The box score follows:
Moose Jaw 200 600 01 1-2
Calgary 200 600 01 3-2-2
Concession and Hemmer; Gage and Ryan.

FEDS SUE HAMILTON FOR \$25,000

Earl Hamilton.

The famous young athlete of the St. Louis Browns, who jumped to the Chicago Federal League team, and then, deciding that the Browns was at least better than the Federal League, jumped right back to organized ball. The Feds are now planning to sue the young star for \$25,000, alleging breach of contract.

May Red and Gun

"Red and Gun" for May is out with, as usual, an attractive bill of fare for the sportsman. The bills of the North, A Hunting Trip to Fecoloban, N.R. The History of the Canoe, Building a Sectional Boat, The Swamp Maiden, The Roughneck Fishing Club, Obnoxious Fishing in Lakes and Ponds, Trout Fishing in Ontario Waters are some of the articles worth special mention while the regular departments are well maintained and the whole of interest to both Canadian and American sportsmen. W. J. Taylor, local publisher, Woodstock, Ont., issues this Canadian outdoor magazine.

BASEBALL THIS EVENING

Owing to the non-arrival of the Moose Jaw team from the south this morning, the game fixed for 4 o'clock this afternoon had to be postponed.
The players arrive on the afternoon train at 3:45 and the match will take place at 6:15 this evening.

MAD HATTERS WIN FROM REGINA 10-1

Red Sox Pitchers Were Wild
But Buckles for Winners
Allowed Three Hits.

Medicine Hat, May 7.—Regina's pitchers were wild yesterday, while Buckles, for Medicine Hat, held the visitors to three scattered hits, and the home team won, 10 to 1. Cold weather still prevailed and the exhibition was slow. Empire Nelson called it at the end of the eighth on account of darkness.

Wahr, who started on the mound for Regina, was very wild, and ten men faced him in the first.
Three singles, two passes, two hit balls, sent over four runs before the Hatters were retired. A single and a walk followed by a double gave Medicine Hat two more in the second. A triple by Whaling and a sacrifice fly sent in another in the fifth, ending the Hat's eighth, and a stolen base and a single gave the visitors their only tally.

Wahr, weather permitting, improvements to baseball park being completed by Regina, and the Hat's series at Regina will be transferred here.

STRATHCONA AND HUDSON'S BAY IN SCORELESS DRAW

Hudson's Bay and Strathcona met on the latter's grounds last evening in a scheduled game in the senior soccer league, the result being a scoreless draw. The southsiders were there aggressive than the Bay team but were unable to penetrate the splendid defense of the Big Sticks. During the game Ned of Strathcona sprained his knee when in the act of kicking an awkward angle, and had to leave the game. Bradshaw played a splendid game for the southsiders and many times blocked the rush of Kew and McMillan. The Hudson's Bay defense were pushed hard at times but try as they might the Strathcona boys were not there with the necessary goal. A rally by the Hudson's Bay near the close of the game almost ended their night.

Old Country Cricket
London, May 7.—(C.A.P.)—County cricket open with games at Kensington, Oval and Leicester on Saturday. Surrey opened the season at the Oval with Northamptonshire, the game ending yesterday in a draw. The principal scores for the former were Hayward 56 and Williams 42 while for the latter, Woolley who for the past few years has played for Kent, contributed 52 not out; S. G. Smith 66 and 72 not out; H. Hayward 60; J. S. Denton 61 and G. T. Thompson 51.

Leicestershire, playing on their home ground, opened the season well by defeating Essex by the score of 230 runs. For the winners C. J. Wood 129, and W. Shipman 45 were the principal scores while J. H. King captured five of the Essex wickets for 28 runs.

PEG AND REGINA TO PLAY BRITISH RUGBY ON MAY 25

Winnipeg, May 7.—Winnipeg will send a representative team of British rugby players to Regina on Empire day in the first of the proposed home and home inter-city series, provided that satisfactory answer is forthcoming from the west. The financial side of the question, so far as the local end is concerned, has been guaranteed, but the Manitoba Rugby union require assurances as to what counter attractions might militate against the "scale" at Regina. An invitation was issued by Regina to the Knox team of Winnipeg, but the union decided that a contest between representative teams would benefit the game to a greater extent.

MANN CUP WILL LIKELY LEAVE B.C.

Lacrosse is Dead at Coast—
Players Leaving and Out-
look Poor.

Vancouver, May 7.—Vancouver's chances of retaining the Mann cup or winning the Mann cup are remote, according to Milton Oppenheimer, vice-president of the Vancouver A.C. amateurs and athletes. Mr. Oppenheimer stated last night that over half of last season's Mann cup defenders intend leaving the city shortly for the Okanagan and that it is doubtful whether the substitutes will be able to successfully defend the cup against the challenging teams. A dozen or fifteen players are turning out regularly to practice, but many of last year's members are missing from the line-up.

"I think lacrosse is in for a very poor year in British Columbia," stated Mr. Oppenheimer last evening. "There does not appear to be any enthusiasm in local circles, and we're having no end of difficulty in finding players for the Mann cup team, while the professionals are not turning up as they should. We must do the best, but the outlook is far from encouraging."

Will Donate Fols
A. G. Spaulding and Sons, well known sporting goods firm have wired their agents here, McGill and Driscoll, to the effect that they will donate silver cups to the players of the pennant winning baseball teams in the three divisions in the city baseball league. The winners also receive silver cups.

SAY YOU SAW IT IN THE CAPITAL

A TRIP TO PANAMA

THE CAPITAL wants every one of its readers to take a trip to the **GREAT PANAMA CANAL** and see the wonders of this mighty achievement. You say you can't spare the time. All right, then we'll bring the Canal **TO YOU**—all in one **BIG** volume, filled with **PICTURES** of **ACTUAL SCENES** never before published, described in words that hold you spellbound. Read on, and learn how you may get this magnificent book—this complete story of Panama in picture and prose—

Not merely a picture book, but an educational work of rare interest to every member of the home.

FOR \$1.20 ONLY

Art plates reproduced from water-color studies abound throughout the entire magnificent volume.

Every progressive man, woman and child is eager to know all about the Panama Canal and the remarkable country through which it passes. Realizing this fact several hundred newspapers have arranged to take an enormous advance edition of the most elaborate and complete illustrated history of **PANAMA AND THE CANAL**, published by the Syndicate Publishing Co., of New York City.

This company is eminently fitted to issue such a work at a minimum cost. It has heretofore supplied through daily newspapers millions of high-class dictionaries and other books.

THE CAPITAL is the one paper in this section through which **PANAMA AND THE CANAL IN PICTURE AND PROSE** can be had. The plan outlined below tells you how to get this only complete Panama Book **ALMOST FREE**.

The large volume is twice the size of an ordinary novel; it is a most handsome book, stamped in gold, with beautiful color panel on front cover, showing the famous Culebra Cut; it contains 450 large pages filled with interesting information of rare educational value to every reader. The illustrations are modern works of art, covering every important scene in the Canal Zone; they include 16 water-color plates with more than 600 photographic studies.

Presentation By The EDMONTON CAPITAL

Willis J. Abbot, the versatile writer on International subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hands the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Special staff photographers made the hundreds of beautiful views which illustrate practically every page of this exhaustive book.

The well-known artist, E. J. Read, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than

\$400,000,000

It links the two greatest oceans, and becomes the most important factor in peace and war. So where is the red-blooded inhabitant of this globe that does not feel vitally interested in it? Truly it is the wonder of this progressive age!

BANDITS KILL TWO BRITISH SUBJECTS, AND ONE AMERICAN

EIGHT OTHERS ARE CUT OFF BY ROBBERS

Tragedy is Reported From Mines in Neighborhood of Guadalupe.

FOUR MEET DEATH BY BOMB FROM BIPLANE

Rebels and Federals Continue Fighting at Mazatlan, Former Winning.

Washington, D. C., May 7.—One American and two British subjects have been killed at mines in the vicinity of Guadalupe. A Mr. Hunsford, presumably a British subject, and seven Americans are cut off by bandits in the vicinity. This information came in a despatch from the British vice-consul at Guadalupe to the British embassy today.

The despatch to the British embassy was sent in response to a inquiry about condition at the Guadalupe mine and the safety of Americans there. It reads: "Children killed, four Americans, six British. All Americans safe. One American and two British killed at other mines in Jalisco. All mines shut down except Hunsford and seven Americans cut off by bandits at Mazatlan. One American, only five Americans in Jalisco."

The despatch did not mention the names of the American and British killed.

Disrupting news also was received at the Embassy from Tampico. Both Federal and Constitutionalists threatened to interfere with the British and American Oil operations who were returning to the Gulf of Mexico to resume operations under the promise of protection from both sides. The Mexicans have notified the British Consul that no one will be allowed to land unless all warships withdraw. Instructions have been sent to the returning operatives not to attempt a landing at any port unless instructed by the British Consul on the spot.

Leave for Vera Cruz

The State department today announced that Brazilian location in Mexico City had received information of the departure of a train bearing between 500 and 600 refugees from Vera Cruz.

The French government is taking active steps to obtain news and secure safety of John H. Sullivan, American Vice and Deputy consul at Saltillo, who disappeared while on a mission to Vera Cruz. French consular agents in Mexico were instructed to look out for Mr. Sullivan and the French consul at Saltillo was directed to make representations to General Huerta about him.

A despatch received at the French embassy here from Mexico City states that President Huerta, in reply, assured the charge that orders would be given to the Federal government to protect Mr. Sullivan in every way. The charge added, however, that telegraphic communication with Saltillo was interrupted and it was doubtful whether any news concerning Mr. Sullivan could get through to the capital.

The vanguard of the Constitutional forces at Durango and Toluca has started on its march to begin the campaign for the capture of Saltillo and Zacatecas. This information, which was received in a report to the state department today from Consul Haman at Durango confirms the report received yesterday from the correspondent of the Associated Press at Toluca.

Shaughnessy in Washington

Seaton Shaughnessy, charge of the American embassy at Mexico City until United States troops seized Vera Cruz, arrived in Washington early today. With his family he was driven immediately to a hotel and planned to confer with Secretary Bryan later. Shaughnessy followed Mr. O'Shaughnessy even to the seat of his home government. Having lost most of his personal possessions when Mexicans looted his trunk outside of Vera Cruz, he is departing for the United States with the government's property. The American charge lost more of his personal belongings en route from Vera Cruz to Washington.

Lagunas, which had been checked.

EDMONTON MAN MADE FELLOW OF ROYAL COLONIAL INSTITUTE

A despatch received from London, England today states that Edward D. Clarke of Edmonton has been elected a fellow of the Royal Colonial Institute. Mr. Clarke has visited practically every part of the British Empire, and has been engaged in construction work in many of the biggest undertakings in the empire, including the Cape to Cairo railway. He fought in South Africa, being one of the first volunteers to leave Edmonton in 1898. He was away for several years and returned to Edmonton two years later. Last February he returned after a trip around the world, leaving Vancouver and going eastward, and returning from England across the Atlantic. While in London he was proposed as a fellow of the Colonial Institute, and has just been notified of his admission to this honorable fellowship of empire builders.

Mrs. George Batt Gets Damages for Injuries in Street Car Accident.

SEQUEL TO COLLISION WITH G.T.P. FREIGHT May Be Unable to Perform Household Duties for Years to Come.

One thousand dollars damages and costs were awarded to Mrs. Maud Batt, wife of George Batt, by Mr. Justice Waite in the supreme court of Alberta today on account of injuries which she received in a collision between a city street car and a freight train. Mrs. Batt was traveling and a Grand Trunk freight train near the Exhibition grounds on September 17.

The street car was overturned by the freight train and Mrs. Batt received injuries to the back and hips and also to her internal organs in consequence of which she had been in hospital and had incurred a bill of \$1,000. Mrs. Batt had been unable to perform her household duties since and claimed that she would prefer the sum of \$1,000 to the sum of \$1,000.

SURRENDER OF WEAPON'S IN COLORADO GOES ON SINCE PROCLAMATION

Washington, D.C., May 7.—Major Stinson, in command of two troops of cavalry in Boulder County, Colorado, reported to the war department today that up to last night a total of 210 weapons had been given up in that district in accordance with the proclamation calling for the surrender of arms by striking miners and mine guards. Major Stinson added and received authority to send all weapons collected to Fort Logan.

PONOKA POST OFFICE AND GENERAL STORE DESTROYED BY FIRE

REV. DR. ARMSTRONG MAKES STRONG SPEECH States Fundamental Principle Good Citizenship is Patriotism For Home.

Rev. Dr. W. L. Armstrong, pastor of the McDougall Methodist church, was the principal speaker at today's luncheon of the Edmonton Industrial association in the Empire auditorium. His subject was "Why I became a Member of the Industrial association," and, coming from such a source, was interesting to both those who have already joined and those who intend to join.

"First of all," declared Dr. Armstrong, "I joined it because I like to mix with men—big men of the west who do things. Secondly, I was given to understand, and I thought myself, that in the industrial association I would find that class of men whom I delight to meet. In the third place, both my church wished me to join, and I wished to join myself, because I believed this was the very best place to get authoritative information about the industrial situation."

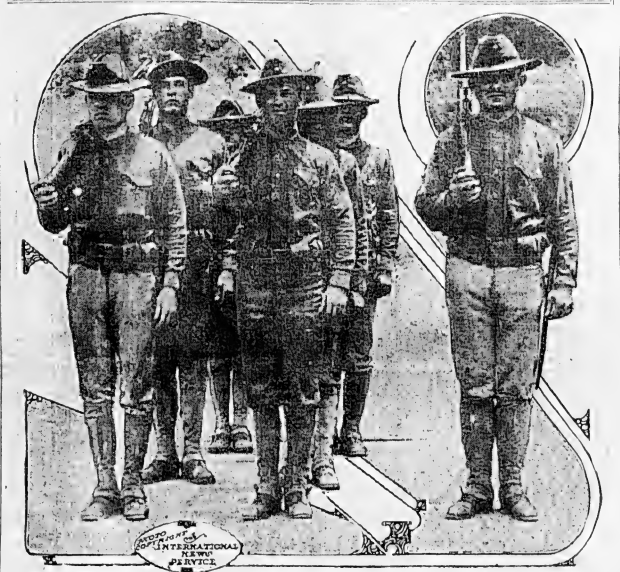

"Underneath and behind all of these, however, is the idea that the fundamental principle of good citizenship is patriotism. I believe that no matter what city one makes his home, that one should be the first in one's love and affection, and whatever province one lives in should be regarded ahead of any other in the dominion. I might also say that there is something wrong in the make-up of any man who does not have a high regard for his country in general, and just a little higher for the mother that bore him than for the others."

"If the laplander, the man from the tropics, the Englishman, the Swiss, or the Irish can see in their respective countries something dear to their heart—something to enslave over—what can we not see in Edmonton and in Alberta, with its delightful, bracing climate, its clear air, its sunshine all day and part of the year, and all night and its breezy western spirit?"

"I find in trying to install a love for this city and for this province that I am working in entire harmony with the very best in my nature. And to tell the truth I do not find this task a hard one, especially with the Edmonton Industrial association in the position it is in."

BANQUET IN EMPIRE AUDITORIUM AT NIGHT

List of Toasts Spoken to by Men Prominent in West.

The convention of the western section of the Canadian Institute of Steamfitters and Engineers, which ended here yesterday, went on record as being strongly in favor of the encouragement of technical education in the schools and of examinations under provincial auspices for both master and journeyman plumbers.

community, whose health depended to a great extent on the quality of plumbing.

At the banquet held in the evening in the Empire auditorium, Alderman Clarke, who replied to the toast of "The City of Edmonton," stated that he was certain that if the plumbers would draft a proposed law bringing into force that which they had decided upon as necessary the city of Edmonton would be the first to adopt same.

He would go further and say that if they wished the province to take action along these lines he was sure, from his knowledge of the attorney general and member for Edmonton in the provincial house and the members of the legislature, that Alberta would be foremost in this kind of legislation, as it had always been foremost in legislation that was of benefit to the people at large.

The following toasts were also spoken to at the banquet, which was one of the most enjoyable ever held in the auditorium.

"The King," proposed by "The City of Edmonton," proposed by President James Smith of Winnipeg, and responded to by Alderman Joseph A. Clarke.

"Our Veterans," proposed by E. McKnight of Edmonton, and responded to by G. E. Knechtel of Saskatoon, and by H. L. Lanson, manager of the Anderson Hardware company of Winnipeg.

"The Institute," proposed by C. H. Smith of Edmonton, and responded to by President Smith and W. J. Schanpaugh of St. Boniface.

"Science," proposed by Robert Blackwood, school commissioner of Saskatoon, and responded to by Dr. T. H. Whitehead, medical health officer, and W. Y. Irvine.

W.C.T.U. WILL TAKE UP CAMPAIGN FOR WOMAN SUFFRAGE

Votes for Women Forms Subject of Discussion at Annual Convention.

MRS. COOK, EDMONTON, TO LEAD MOVEMENT

Master Chester Cutler of This City Wins Gold Medal Contest.

The Edmonton delegates to the W.C.T.U. second annual convention returned this morning from Vancouver where the convention was held on May 5th and 6th. A large assembly of delegates from Edmonton, Telford, Ylking, and other points in Alberta were present. A pleasing event in this connection was the attendance also of a delegate from Yukon who reported excellent work accomplished in their union at Elbow.

In the absence of Mrs. Burfield, the chair was occupied by Mrs. McKinney of Claremont, provincial president. The consecration service was led by Mrs. McKinney.

Results of Suffrage. Mrs. Howard of Edmonton, told of the work being done by the W.C.T.U. and gave some very helpful information. In the course of her remarks she argued that woman is an independent element in politics and votes for the man best suited to fill the position. In places where women have the franchise it was shown that it has been for the betterment of women, especially in reference to laws concerning the movement of freight.

APPOINTEE IS A BROTHER OF QUEEN MARY

Served in the Matabeleland and Received a Medal for His Services.

REWARDED AGAIN FOR SOUTH AFRICAN WORK

Forty Years Old, Husband of Princess Alice of Albany, Has Two Children.

London, May 7.—Prince Alexander of Teck, is to succeed the Duke of Connaught as governor-general of Canada. Official announcement of this appointment was made today.

His Serene Highness Prince Alexander Augustus Frederick George of Teck, G.C.B., G.C.V.O., Knight of Justice, St. John, of Jerusalem, Grand President of the Order of Merit, was born on April 14, 1874, and is a brother of Queen Mary of England.

The new governor-general is the third son of the late Duke of Teck and the late Princess Mary Adelaide. He was educated at Eton and at the Royal Military college at Sandhurst and later held a captain's commission in the 7th Hussars and the Royal Horse Guards. At present he holds the rank of major in the 2nd Life Guards.

Prince Alexander served at Matabeleland in 1895, was mentioned in the dispatches and received the Queen's Medal with five clasps, of the distinguished service order.

Prince Alexander was married in 1901 to Her Royal Highness Princess Alice of Albany, who was born in 1882. They have two children living: Princess Mary Helen Emma, born in 1896, and Prince Rupert Alexander, born in 1907. The princess is a daughter of the late Leopold George Duncan Albert, first Duke of Albany and his wife, Princess Helena of Waldeck and Pyrmont, now H. R. H. the Dowager Duchess of Albany, who is a cousin of Queen Wilhelmina of the Netherlands.

WINNIPEG EXPERTS SLOW IN REPLYING TO MAYOR'S REQUEST

Mayor McNamara sent an urgent request by wire to Sanford Evans, ex-mayor of the city of Winnipeg, and also superintendent of the Manitoba stock yards last Friday asking them to come to Edmonton at the city's expense in order that they might give their opinion as to the most suitable site for the location of the union stock yards here.

The mayor, when interviewed this morning, stated that he had not only sent the wire, but had sent several, and as yet had not received any acknowledgment of his telegram. However, he said that he would give the telegram this morning requesting an immediate answer. A reply is expected by tomorrow morning.

FIVE MEN ARE UNDER ARREST ON SUSPICION OF MURDER AT VERNON

Vernon, B.C., May 7.—Five men were arrested here on suspicion of being implicated in the murder of James Heryman, a lumber jack, whose dead body was found in Squamish, B.C., from here, very badly battered. The coroner's jury returned a verdict of murder by persons unknown. The evidence showed the deceased had been in company with five men when seen last.

New Brunswick Inquiry

St. John, N.B., May 7.—Lieutenant General Wood announced this morning that he would wait for a few days to see whether Sir Frederick Baskerville's health would improve sufficiently to allow him to accept the chairmanship of the royal commission to investigate the charges against the governor and the members of his government in connection with the timber limits, and the Valley Road railway. If the chief justice still finds himself unable to act another chairman will be selected.

British Steamer on Rocks

Les Balmes, Canary Islands, May 7.—The British steamer Emma, bound for the Canary Islands, ran aground on a rock off Grand Canaria Island in a thick fog today.

Two steamers are rushing to her assistance. The Emma's captain reported her hull was badly torn by rocks.

Dubonic Plague Appears

Huachuco, Colombia, May 7.—According to reports received here today the bubonic plague has made its appearance on the Atlantic coast of Colombia. The government has begun taking active precautionary measures. It has not been deemed necessary to suspend travel or the movement of freight.

ESKIMOS PLAY IN HARD LUCK AND LOSE TO QUAKERS 2 TO 1

Bill Hurley's Saskatoon Outfit Made Nice Cleanup While Here— Moose Jaw Here Today for Balance of Week—Today's Game Will Be Called at 6:15—Clayton or Spaulding Will Pitch.

Eskimos played in hard luck last night and lost another game to Bill Hurley's Quakers, making it two wins out of three for the Quakers. The final score was 2 to 1 and it was anybody's game all the way. Nothing but hard luck kept the Eskimos from scoring in the last of the eighth, but to Hurley's men went all the breaks and the Eskimo team is now wallowing around the bottom of the league.

Heer pitched fine ball for the winners, having eight strikeouts to his credit, while Killeen for the Eskimos had six. Nelson and Walters behind the bat played steady games. Killeen walked five and Heer four. Eight hits were gathered off the Eskimos and six off the Quakers. Killeen's habit of walking the first man hit is bad and it occurred three times last night. A hit would be the lesser of the two evils.

Eighteen hundred fans saw the game, which was called at six o'clock sharp, but this hour is not sufficiently early to avoid darkness in the latter innings of the game. To avoid this, and also to meet the request of many fans for afternoon games, the management committee have decided to call the games with Moose Jaw tomorrow at four o'clock instead of six. This will allow more light and warmer weather for fans and players alike. On Saturday the double-header will be played at three to six o'clock. The Eskimos have dropped three games at Calgary, but they are now back in the game and will be looking for a win.

First Inning.
Quakers—Mills hit a high fly to Norky—Harley did the same to Gollie in left, and Wilson hit one to Gollie. Three out, no runs.

Eskimos—Fortier drew a walk. Povey hit to right field for easy out. Gollie hit for a nice single to center but Ruell was out on easy fly to Chick. No runs.

Second Inning.
Quakers—Chick whiffed the air and Wilson was out. O'Brien to Norky. Grover walked but Povey grabbed Harper's long fly. No runs.

Eskimos—Redmond hit a fly to Mills. Norky and O'Brien each were given free transportation. Nelson went out, short to first, the two men on bases advancing one. Killeen struck out. No runs.

Third Inning.
Quakers—Walters drew four balls and Killeen made pretty running catch of Heer's hit over the first base line. Mills' single was good when Ruell fell over the ball and a passed ball advanced Walters and Mills one base. Gollie caught Heer's fly, but Wilson's single to Povey, scored Walters and Mills. Wilson would have been out had not Redmond hit a fly to the ball. Chick was out, Ruell to Norky. Two runs.

Eskimos—Fortier hit a high one to left. Povey stepped up and hit the ball for two bases, but Gollie was out. Heer to Norky. Povey going to third, and scoring when Ruell slid one down the third base line for a single. Redmond singled to third, being safe on a low throw, Ruell making record. Norky hit long fly to Wilson, and left two men on bases. One run.

Fourth Inning.
Quakers—Hurley hit a nice easy one to Povey and Killeen fanned Grover in short order. Harper's fly to Povey made the third out. No runs.

Eskimos—Chick had no trouble catching O'Brien's fly, and the next two up, Nelson and Killeen, struck out. No runs.

Fifth Inning.
Quakers—Walters was out, Ruell making the catch. Heer and Mills hit the holes in the air, Mills trying his old stunt, but nothing doing. No runs.

Eskimos—Fortier whiffed holes in the air and Povey drew a pass. Gollie fanned and Ruell singled to third.

Sixth Inning.
Quakers—Killeen made it bad by letting Harley walk. Wilson was out. Killeen to Norky. Harley going to second. Chick fanned and Bill Hurley hit what looked like a safe hit, but Povey after long run, made good catch. Three out, no runs.

Eskimos—Redmond went out, third to first and Manager Norky paved the air. O'Brien got a single when Harper made bad leg to first, but was easy out trying to steal second. Nelson not out. No runs.

Seventh Inning.
Quakers—Killeen again walked the first man up, Grover. Harper has been easy out when he hit behind third, but O'Brien dropped the ball. Gollie should have had it. Walters hit to O'Brien and Heer singled through second to Fortier. Mills laid down a bunt, and the bases were full. Lucky for the Eskimos, Harley hit to left and Gollie crashed it, making the third out. No runs.

Eskimos—Nelson and Killeen fanned in quick succession and Fortier was out on a fly to second. No runs.

Eighth Inning.
Quakers—Wilson singled to center and Chick tapped one toward Ruell and stole second. Wilson being out at third. Harley hit to Gollie and Grover fanned. Chick was left on second. No runs.

Eskimos—Povey went out when he paid a bunt. Gollie came through with a nice two-bagger and Ruell singled to left, Gollie taking third. Chances for a run looked good but were not to be. Redmond fanned and Norky the last up, was out, third to first. Any kind of a lucky hit would have tied the score but the Eskimos were doomed for no such luck and the game ended 2 to 1 for the victors.

English Polo Team.
London, May 7.—Concentrating on yesterday's polo match at Ramsgate, the Times says it was a fine display, which to a large extent removed recent pessimism. The newspaper adds that there will be a general consensus of opinion that it should be possible to choose six players and place at their disposal sufficient good ponies to enable them to uphold British credit in America. It suggests the sending of Mr. Grenfell, Capt. Kinross, Capt. Prentice, Major Harratt, Major Hunter and Capt. Cheape as the English team.

BRONKS AGAIN DEFEAT MILLERS

Gage Allowed Only Two Hits and One Run—Score Three to One.

Calgary, May 7.—Except for a little wildness at the start, Gage pitched a wonderful game for the Bronks yesterday letting the Moose Jaw Millers down with two hits and one run, one of the hits being the only run coming in the first inning before he got under full steam. The Bronks gave him good support in the field and with the hit, nothing three tallies as a result of nine safe aways.

The victory for the Bronks yesterday made a clean sweep of the series. The score by innings:

France Recognizes Johnson
Paris, May 7.—The French boxing federation, the principal authority in ring contests in France, which for a time refused to recognize Jack Johnson as the heavy weight champion of the world, today accepted his claim to the title.

The management of the fight between Johnson and Frank Moran of Pittsburgh which will take place on June 27, has been assumed by Theodore Vienne a prominent member of the boxing federation. has signed a contract last night to stage the match, successful Emil Maitrot who retired, where the bout will be held provides for 26,000 seats and standing room for 4,000.

BASEBALL THIS EVENING
Owing to the non-arrival of the Moose Jaw team from the south this morning, the game fixed for 4 o'clock this afternoon had to be postponed.
The players arrive on the afternoon train at 2:45 and the match will take place at 6:15 this evening.

French Vase Matched,
Nelson, May 7.—French Vase, champion lightweight of Canada, has been matched to meet Charlie Lucia, Italian contender for the title during Chukko Mills week at Nelson next July.

MAD HATTERS WIN FROM REGINA 10-1

Red Sox Pitchers Were Wild, But Buckles for Winners Allowed Three Hits.

Medicine Hat, May 7.—Regina's pitchers were wild yesterday, while Buckles for Medicine Hat held the visitors to three scattered hits, and the home team won, 10 to 1. Cold weather still prevailed and the exhibition was slow. Umpire Nelson called it at the end of the eighth on account of darkness.

Wells, who started on the mound for Regina, was very wild, and ten men forced him in the first.
Three singles, two passes, two hit batters, sent over four runs before the eighth. A single and a walk followed by a double gave Medicine Hat two more in the third, and in the fifth, ending the Hat's scoring. Buckles gave two walks in the eighth and a stolen base and a single save the visitors their only tally. Wet weather prevented improvements to baseball park being completed in Regina, and the Hat's series at Regina will be transferred here.

Score—
Medicine Hat..... 402 310 00—10 9 1
Regina..... 000 000 01—1 3 1
Hatteries—Buckles and Barth; Wehr, Bollinger and Sinner.

STRATHCONA AND HUDSON'S BAY IN SCORELESS DRAW

Hudson's Bay and Strathcona met on the latter's grounds last evening in a scheduled game the senior soccer league, the result being a scoreless draw. The southsiders were more aggressive than the Hat team but were unable to penetrate the splendid defense of the Big Stone Boys. During the game Neal of Strathcona sprained his knee when in the act of kicking at an awkward angle and had to leave the game. Bradshaw played a splendid game for the southsiders and many times blocked the rush of Neal and McWilliams. The Hudson's Bay defense were pushed hard at times but try as they might the Strathcona boys were not there with the necessary goal. A rally by the Hudson's Bay near the close of the game availed them nothing.

Will Donate Fols
A. G. Spaulding and Sons, well known sporting goods firm, have wired their agents here, McGill and Driscoll, to the effect that they will donate silver balls to the players of the pennant winning baseball teams in the three divisions in the city baseball league. The winners also receive silver cups.

Old Country Cricket
London, May 7.—(C.A.P.)—County cricket open with games at Kennington, Oval and Leamington on Saturday. Surrey opened the season at the Oval with Northamptonshire, the game ending yesterday in a draw. The principal scorers for the former were Hayward 56 and Wilkinson 52 while for the latter, Woolley who for the past few years has played for Kent, contributed 32 not out; S. G. Smith 46 and 18 not out; R. Hayward 49; J. S. Denton 61 and G. T. Thompson 56.

Leicestershire, playing on their home ground, opened the season well by defeating Essex by the score of 239 runs. For the winners C. J. Wood 129, and W. Shipman 45 were the principal scorers, while J. H. King captured five of the Essex wickets for 26 runs.

Medicine Hat Dog Show.
Medicine Hat, May 7.—The Medicine Hat kennel club last night made arrangements to hold a dog show here on July 1, 2 and 3, which dates will put the show on the circuit between the dates of the Calgary and Winnipeg shows.

French Vase Matched,
Nelson, May 7.—French Vase, champion lightweight of Canada, has been matched to meet Charlie Lucia, Italian contender for the title during Chukko Mills week at Nelson next July.

'PEG' AND REGINA TO PLAY BRITISH RUGBY ON MAY 25

Winnipeg, May 7.—Winnipeg will send a representative team of British rugby players to Regina on Empire day in the first of the proposed home and home inter-city series, provided that satisfactory answer is forthcoming from the west. The financial side of the question, so far as the local end is concerned, has been guaranteed, but the Manitoba Rugby union require assurances as to what counter attractions might militate against the "rate" at Regina. An invitation was issued by Regina to the Knox team of Winnipeg, but the union decided that a contest between representative teams would benefit the game to a greater extent.

MANN CUP WILL LIKELY LEAVE B.C.

Lacrosse is Dead at Coast—Players Leaving and Outlook Poor.
Vancouver, May 7.—Vancouver's chances of retaining the Mann cup or winning the Minto cup are remote, according to Milton Oppenheimer, vice-president of the Vancouver A.C. amateurs and athletes. Mr. Oppenheimer stated last night that over half of last season's Mann cup defenders intend leaving the city shortly for the Okanagan and that it is doubtful whether the substitutes will be able to successfully defend the cup against the challenging teams. A dozen or fifteen players are turning out regularly in practice, but many of last year's members are missing from the line-up.

"I think lacrosse is in for a very poor year in British Columbia," stated Mr. Oppenheimer, last evening. "There does not appear to be any enthusiasm in local circles, and we're having no end of difficulty in rounding up players for the Mann cup team, while the professionals are not turning up as they should. We must hope for the best, but the outlook is far from encouraging."

OFFICIALS ARE APPOINTED FOR SPRING RACE MEET

Pari-mutuels Will Take Place of "Bookies"—Only One Outside Official.

Joe R. Miller will be the only judge at the Spring Race meet, May 23d, 25th and 26th, when Walter Appleton and Cole Mcintosh will start for the harness events. The Stables; harness events, Joe Appleton, R. B. Hill, Chas. May and Ed. Buehler will be the official race keepers.

These officials were appointed in a meeting of the racing committee of the Exhibition association held Tuesday, when many details of the spring race meet were discussed.

As usual 50 cents minimum admission to the races will be charged, children under 12 years accompanied by their parents will be admitted free. An extra charge of 25 cents will be made for reserved seats. Two dollars will be the charge made for each horse for the three days of the race meet.

Only two weeks stand between now and the opening date of the race meet, and as a number of applications for horses have already been received, those who desire to secure horses for the meet are advised to make application without delay, as the number available is limited.

An innovation this year is a charge of 25 cents to be made for each entry for horses for each entry to the grounds. Tickets will be sold for \$2.00, covering the entire meet.

Score and will be controlled by the management of the Exhibition association.

The pari-mutuels which gave much good satisfaction at last year's exhibition, will again be in evidence, and will be in charge of an expert specially engaged for this purpose.

With the exception of Jas. Osborne of Havelock, N.Y., all the officials are local. Osborne has acted as official starter of running horses for the Western Canada racing circuit, for the past two years, and is, therefore, well known in racing circles.

CANADIAN COURTS ARE LAST RESORT IN CERTAIN CASES

Privy Council Declines Exercise Prerogative in Land Contract Purchase.

APPEALS GRANTED OTHERS, HOWEVER

Lord Haldane States Body Was Lax in Practice at One Time.

London May 7.—The lord chancellor made an interesting pronouncement before the privy council today regarding Canadian appeals. The court was asked by Ogden Lawrence to grant leave to appeal in *Carry versus Root*, a Quebec case, in which the only point was the construction of a contract of land purchase. The lord chancellor, in refusing such leave, said that Canada had created her own supreme court as a final court of appeal. The prerogative of appeals being heard by the privy council was not, however, taken away, but the council did not remain an ordinary court of appeal. It is certain that the statute did not intend that there should be any going beyond the Canadian supreme court in cases such as was involved in the present application. The prerogative of the council ought not, therefore, to be exercised. His lordship added that there was once a period when in this respect the practice of the privy council was more lax than it should have been.

An application was made by R. C. Fenley, K.C., on behalf of the Montreal Tramways company for leave to appeal against a decision of the king's bench of Quebec, which had found in favor of the provincial legislature constituting a Quebec utilities commission and granting, later, the power to municipal witnesses, demand documents, etc. The tramways company maintained that such powers could only be granted by the dominion government. In granting leave to appeal Lord Haldane said that the attorney-general of the dominion would be allowed, if he chose, to intervene in this appeal. The privy council granted leave to appeal in the case of *St. Charles versus Burgeon*, concerning the sale and transfer of a license to restaurant premises in Montreal.

MANY BIDDERS ON WATERMAIN WORK RECEIVED YESTERDAY

At the commissioners' meeting yesterday afternoon bids were received on tenders for the construction of water mains in the city. Sixteen bidders in all, including the city work which is to be done this summer. The work is divided into three sections and three contracts called for as follows: Each tender was accompanied by a certificate check for ten per cent. of contract amount.

The following tenders were received for No. 1 contract:
W. J. Graham \$17,162.70
J. W. McMahon \$16,438.45

EAST END PARK PAVILION OPENS NEXT SATURDAY

Edmonton is to have some new attractions at the East End park of Minneapolis. Minn. have leased the exhibition pavilion. Located on outside of park and is being filled up with a lot of anyone wishing to spend an afternoon or evening there. One of the special features is that there will be dinner and supper served in the pavilion dining room and also a full line of confectioneries, ice cream and refreshments. The five-piece orchestra will furnish the best of music for those who care to dance either in the afternoon or evening. Edgar Bros. and Crawford are thoroughly experienced in this line and no doubt the people of Edmonton will find the East End park pavilion a nice place to go during the summer afternoons and evenings. The building is being decorated this week and will be open at 1 p.m. Saturday.

Theaters and
Picture ShowsENTRANCING PLAY OF
NORTH TO HEADLINE
NEW PANTAGES BILL

Notwithstanding the previous announcements made to the contrary, "The Luck of a Totem," the musical sketch in which Mr. and Mrs. Harry Girard and their company head the bill at the Pantages, commencing Monday afternoon, is not an abbreviated edition of "The Alaskan," although it has been through an error, announced as such in several cities where the sketch has recently appeared, a natural mistake, due to the similarity of the scenes, the same locality for the story, and the fact that Mr. Girard and his charming wife, Agnes Girard-Brown, have appeared in "The Alaskan."

TWO HEADLINERS FOR
ORPHEUM AT EMPIRE
BEGINNING MONDAY

For the three days commencing with a Monday matinee next week, the Orpheum vaudeville management at the Empire theater will present a program which has two splendid headliners. There is a marvelous chimpanzee, which is said to be almost human, and has been trained to such a high mental state of efficiency by his tutor, Prof. Truslow, that having his physiology, the animal might almost be taken for a member of the human family, and as far as his actions go, would grace any party.

Another novelty is the joint headliner, "The Japanese," in which a Japanese has proven to scientists that it is possible for a man to think of two different subjects at one and the same time, and he has a manner of asserting this in a way that is both convincing and interesting. To write different words with the two hands at the same time is one of his methods.

Homer Miles and company are billed as new headliners and present an act that has received enormous from the press and public all along the line of the Orpheum circuit. They are billed as "The Great Mystery," and it is saying much that they have a dramatic sketch entitled "On the Edge of the Unknown."

Friends of the Orpheum who remember the clever work of Percy Brunson and Minnie Judson last season, will be glad to learn that they will be here again next week, as few teams have a more varied and more graceful dance and more catchy songs than this young and handsome couple. Besides, Miss Judson has a number of dramatic comedies that will appeal to the female portion of the audience.

Miss Willette Williams, who understands the negro character and who impersonates the negro to perfection. She does not burlesque the act, and she has a superior contralto voice. Annie Kent has a way all her own which has brought her the title of "The Little Jester." She has such original songs and patter that she cannot fail to take the audience by the ear. A number of artistic surtouts creations will grace her form during the season.

Investors' Attention

Subscriptions are invited by the Trustee, Geo. Westcott, 506-7 Agency Bldg., Edmonton, Alta., to a syndicate now being formed for the purpose of taking over certain gold-dredging and mining leases in the Yukon and Alaska and the formation of a Development and Holding Company to develop the same.

It is proposed to raise \$100,000, divided into one hundred shares of \$100.00 each, this money to be used to pay for option leases and the organization of the proposed Development and Holding Company, and the necessary expenses of placing the shares on the market.

Agreements have been entered into between Geo. Westcott, Lee W. Steele and Col. J. Bryce Saunders which provides that these arrangements being carried out, and may be seen at the office of the Trustee.

The Trustee has provided a bond by the Dominion of Canada Guarantee and Bond Company for \$5,000.00 as a guarantee that the agreement will be carried out, and this bond is to be deposited with Col. J. Bryce Saunders.

It is proposed that after a sufficient number of Treasury shares of the proposed Development and Holding Company have been sold to return to the syndicate subscribers all money paid in by them, and as a bonus to lease for each syndicate share five hundred shares in the Development and Holding Company.

Full reports and maps of the properties to be taken over may be seen at the office of the Trustee.

This is an opportunity and an seldom offered the small investor to get in on the ground floor of an enterprise that shows every evidence of immense wealth, and the only reason this offer is being made to the public is the world-wide financial stringency.

Application forms may be obtained at the office of the Trustee.

PROMISED NEXT WEEK
AT LYCEUM THEATER

her act and one quick change is made in full view of the audience, just to show how a rapid change is made.

Barrow and Miles are physical culture artists and strong men who are original in their clever waltz balancing.

Manager Dummont of the Lyceum theater announces as the attraction at the Lyceum next week "Wildfire," the great dramatic drama, in which Miss Lilian Russell starred for several seasons. There have been many racing plays during the last few years, including "Chicora," "His Last Dollar," "The Futurity," "The Substitute," and many other notable successes, but "Wildfire" and "Chicora" are really the greatest successes of their kind in many years. The management of the Lyceum promises another big scenic production in "Wildfire," and nothing will be left undone to make it one of the most phenomenal hits of the current season.

"Salomy Jane," which is being played at the Lyceum this week is filled with the things that make a real play—comedy, sentiment, action and spectacle. It has tremendous human appeal and compelling heart interest. It grips the emotions and holds attention from the first moment to the last. Men and women like it. So do children. But it is not a children's play, though it amuses children. It is a strong, human comedy-drama.

The film in two parts and tells a charming story staged at Seattle, Spain, and settings of magnificent natural beauty.

Figaro, brother of Sevilla, loved the pretty Rosanne. So did Count Alonzo. He was a hardy man, but he was hard to find a road to the realization of his dreams. This he finally did through the amorous influence of a handsome boy whom the Countess Almira found attractive. The result was a frightful mix-up of masked figures in the garden where the curtains of love crossed and recrossed in bewildering fashion with only Figaro and Almira in the secret.

A vicious, genuinely entertaining subject following closely the thread of Rosanne's famous comedy.

The setting is a positive treat and the telling situations furnish groups that are well worthy of the brush of an artist.

A very good comedy, "Archie, the Ball Boy," dividing some excellent acting by one of the star juvenile players of the country, and a number of other very likable and pleasant films conclude the program.

During the program, the large Empire picture organ furnishes some most appropriate and delightful music. The music so well accompanies the exhibition of motion pictures perhaps as that of the pipe organ.

NIHILIST HISTORY IS
PORTRAYED IN FILM
MONARCH TOMORROW

Today is the last time to see the sensational Hepworth novelty feature entitled "Wreckers of Lives," which has been well received by the patrons of the Monarch.

Tomorrow there will be an extraordinary feature, "The Ruby Circle," a tale of the nihilists, and a story full of love and adventure.

At an embassy ball Robert Carleton meets the girl of his dreams, he is attracted by her old ring, which is a circle of rubies. The following night Carleton is lured by an evil-looking fellow to a house in a quiet street, where he discovers a ring upon the sidewalk, a counterpart of the one worn by the girl he loves. He places the ring on his finger. One evening later Robert visits a Bohemian cafe, a distinguished looking foreigner catches sight of the ring Carleton wears. He drops a note in Carleton's lap and then leaves. When Carleton finds inside the note is a cryptic invitation to follow. Outside of the cafe he meets a strange man, who without a word leads the way, while Carleton follows into an evil-looking house, when once inside of which the strange man leaves him.

Carleton begins a tour of inspection, when he hears a rustle. Turning, he is astonished to see the girl uppermost in his thoughts. She accuses him of being a detective. Carleton explains the affair, and as she is about to help him out of the place the stranger reappears with a strong man. The girl is at her wits' end. By entering Carleton finds himself in an underground chamber containing 40 strange figures clad like himself in long, dark robes.

line waiting for a seat, last Saturday night when "The Squaw Man" was on, particularly, as they all were not seated until one hour after 10 p.m.

Everybody knows that more people go to picture shows on Saturday than any other day. With the regular run of the Universal features the Monarch enjoys a splendid business during the week, and on Saturday with the Famous Players being shown with the increased quality and the long program it keeps the patrons in so long it is impossible to accommodate all of them.

Therefore it has been changed so as to show the Famous Players film and All Star features on Wednesday and Thursday of each week. Starting with May 12th, "A Good Little Devil," May 13 and 14, and every Friday and Saturday will be shown the Lucille love story or The Girl of Mystery starting Friday and Saturday, May 22 and 23.

The Lucille love series will run for consecutive weeks two reels each week.

The Monarch patrons will see why this change is being made as it is very disappointing to have to wait through a long program for a seat.

CHARMING STORY OF
SPANISH LOVE NOW
SHOWN AT EMPIRE

A delightful version of the famous Spanish story, "The Marriage of Figaro," has been adapted to motion pictures and is the current feature at the pretty Empire theater. The film is in two parts and tells a charming story staged at Seattle, Spain, and settings of magnificent natural beauty.

The leader calls for the password, and Carleton, unable to give same, is condemned for a spy and chained to the wall beside a lighted tomb. To save the man she loves the girl leaves by a secret passage and informs the police, saving her lover from the clutches of the nihilist by her turning a traitor to the cause.

"THE MUTUAL GIRL,"
FAMOUS FILM SERIES.
AT BIJOU TOMORROW

"The Mutual Girl" showed yesterday at the Bijou Theater in the twelfth installment of this famous and most interesting picture production. New places of interest—A number of the celebrities of the day, and new incidents crowd fast onto one another in this chapter of the world's greatest and most up-to-the-minute film work.

"Our Mutual Girl" never enjoyed a story quite so much nor saw so many interesting sights in the metropolis. Before she left the house the footman brought her a present from the big white marble mausoleum. Going along Riverside drive they saw the famous soldiers and sailors monument. Driven downtown, the party passed the Tomb of the New York city prison, and the Bridge of Sighs, as the covered bridge leading from the upper story to the criminal court building is called. Way downtown, where Wall street joins Broadway, they saw the famous old Trinity church, dwarfed by the skyscrapers which surround the most notable landmark remaining of New York as it was fifty years ago. They got a good impression of the church as it looks on week days, with the busy crowd of people passing, and as it looks on Sundays, with the worshippers coming out.

From there "Our Mutual Girl" visited the Emperor, the largest passenger steamship in the world, and made a friend "Good-bye." After a short trip home "Our Mutual Girl" again started out, this time to the Grand Central palace, where the sportsman show was being held. On the roof she saw the champion women trap shooters of the world, among them, Vogue and Mrs. Thorpe, shooting clay pigeons.

Going home "Our Mutual Girl" met a very real celebrity, Commander Evans of the British navy, the hero of the ill-fated Captain Scott South Polar expedition. Commander Evans presented "Our Mutual Girl" with his autograph, and she in turn gave him a photograph. After he left, Margaret called for her new pet, the dog, and taking him with her, dropped down to the first floor to see the "Cat's Paw," a strong and most entertaining two reel play with James Cagney and Miss Faye Jackson as the principal roles. It is also shown on the Bijou screen with "The Mutual Girl." It makes a most pleasant picture.

A Keystone comedy created as many laughs as a funny picture could be. The program as a whole is fully up to the very high plane that the popular First street picture house has a reputation for presenting. Today is the last time this program will be shown.

SPRING SKIN BLEMISHES
ARE REMOVED BY ZAM-BUK

Why suffer the humiliation of unsightly skin blemishes, such as pimples, boils or eczema, when they are so easily cured by Zam-Buk? Even the most advanced cases of eczema yield to Zam-Buk's great healing powers. Mr. J. J. Johnson, of 584 Broadway Street, New York, writes: "I suffered untold misery for twenty years from eczema. I spent hundreds of dollars on salves and treatments, and all I got was more temporary relief. At last I tried Zam-Buk, and I am pleased to say that perseverance with this remedy has brought me back to health. I am now a complete and permanent cure."

Mr. Jack Shaw, the Scotch comedian of 47 Abbott Avenue, Toronto, writes: "I have used Zam-Buk for boils and found it very soothing and a quick healer."

You want to end your suffering? To remove those unpleasant face or body blemishes, "Zam-Buk" is the answer. It is sold by all druggists or store-keepers at 50c. per box. Zam-Buk Soap 25c. per box.

Zam-Buk is also best for cuts, sores, bruises, piles and as an embrocation for stiffened muscles, rheumatism, sciatica.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Ohas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

Letters from Prominent Druggists
addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria in a class distinct from patent medicines and commend it."
Christy Drug Stores, of Pittsburg, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Vogel Bros., of Minneapolis, Minn., say: "We wish to say that we have had a large demand for Fletcher's Castoria in all of our three stores and that it gives universal satisfaction to our trade."

Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale for its merit."

P. A. Gaudin, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unerring sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years, when it has had no experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can do so gladly offer this kind of commendation to Fletcher's Castoria."

SIR EDWARD CARSON

MINISTER OF INLAND
TRADE IS SUGGESTED
BY ALBERTA DEALERS

Calgary, May 7.—Delegates to the convention of the Alberta branch of the retail merchants association of Canada yesterday discussed the advisability of urging the government to create the portfolio of minister of inland trade in view of the fact that a much larger sum of money is invested in retail distribution than is invested in any other manner in Alberta.

The question was left over for another year.

Many delegates are strongly in favor of imposition of heavy taxes on large and order catalogue houses, and the money secured in this fashion be paid into various municipalities from which it is taken.

It was decided to ask the dominion board of the association to find some means for dealing adequately with mail order houses which are making serious inroads into the field of retailers regarded as their own. A resolution also passed to urge any co-operative society legislation that might again be introduced at Ottawa.

The convention is also opposed to municipalities running stores.

Seal Fisheries Better.

St. John's, N.F., May 7.—The seal fisheries of the season just closed were more successful financially than those of last year, according to figures compiled yesterday. Twenty steamers employing 4,000 men set out on the hunt for manilla seals. Ninety vessels returned with the pelts of 23,718 seals. This catch was valued at \$498,080. Last year a greater number of seals were caught, 27,856 skins being returned, but they were valued at only \$492,545.

L.W.W.'s Plan March.

Calgary, May 7.—Local I.W.O.L.W. leaders would have the unemployed march from Calgary across the dominion to Ottawa to present a petition to the premier for work, similar to the trek of Coxey's army, which marched across the United States 25 years ago. The idea was broached by speakers at an out-of-doors mass meeting of the unemployed last night, and was received enthusiastically.

In 1913 there were 2,785 coal miners killed in the United States.

Roosevelt Losses Weight.

Para, Brazil, May 7.—Col. Roosevelt during his exploring trip through the wilds of Brazil, lost over 40 pounds in weight. He is still very weak, but his condition was better, and he is recovering from the tabetic.

Zam-Buk is also best for cuts, sores, bruises, piles and as an embrocation for stiffened muscles, rheumatism, sciatica.

WIFE WOULDN'T
BE SWEETHEART
MINUS SUPPORT

New York, May 7.—The old proposal of Frank G. Schwab, secretary to Justice J. H. Simmons, of Nassau County, to make his wife's "sweetheart" was related to Justice Weeks.

Mrs. Henrietta M. Schwab, who is claiming that her husband was awarded \$60 a month by the court. She declared her husband came to her and told her she did not wish to support her as a wife, but would like to call her on as a "sweetheart." She declined the proposition, saying she would not support her as a wife, but would like to call her on as a "sweetheart." She declined the proposition, saying she would not support her as a wife, but would like to call her on as a "sweetheart."

The defendant's salary of \$150 a month, his young wife stated, was spent in any living. She says she told him to get a job to live at hotels, drink champagne and ride in taxis "without spending money." She asserts she found a letter to another woman in his pocket and he refused to explain.

Schwab denies that he treated his wife cruelly or that he did not support her. He says she was a stenographer before her marriage, at \$29 a week. "She was impetuous, high strung and unreasonable," he asserts, "and very difficult to please."

The authorities in Nassau County, Schwab declares, have been holding up his salary since last December, claiming that his position has been abolished. He used out writ of mandamus and the matter is still pending in court.

To tide over the deficit in his finances, Schwab borrowed money from his mother-in-law. She declined to lend him any more money and obtained a judgment against her for \$150. When the judgment was not paid she garnished his salary. When his money was gone, says Schwab, his wife's love for him ended.

Mrs. Schwab, in reply, says her husband induced her to invest her savings in a house at Lynbrook, L. I. The investment was a poor one because water seeps into the cellar during six months of the year, and sometimes puts out the furnace fire.

The separation action will be called to trial soon.

IN THE PARLOR CAR

Railway and Shipping News.

While the recommendations of the international conference for safety of life at sea, recently held in London, have not yet been ratified by the nations represented there and therefore have not yet been made compulsory, it is found that some of the big steamship companies have already fulfilled the requirements proposed. Among the latter is the Canadian Northern's new Royal line.

The league for public safety, with headquarters in Chicago, finds that the Royal Edward and the Royal George of this line not only comply with all the recommendations of the international conference, but in several particulars their equipment is far in excess of the proposed regulations. "Safety First" has been the main thought in the construction of these magnificent steamers which have opened up a new route very advantageous to the middle and western states in point of time as well as to the conditions.

With safety always first the Royal Edward and the Royal George carry, nevertheless, the banner for speed between the old world and the new, for the Atlantic Royals connect Montreal with the west of England and also with London by the shortest sea route traveled by the fastest steamers. For nearly a thousand miles from Montreal the Canadian Northern steamers for a low a sheltered hand-locked course down the beautiful St. Lawrence river. For almost a third of the entire journey to England the passengers enjoy a perpetual procession of interesting scenery, replete with romance and which marked the early conflict of English and French arms for the possession of this continent.

Never before has there been at the disposal of the traveler the speed and luxury that now afforded by such floating palaces as the Royal Edward and the Royal George. The rapid strides of progress which have taken place in steamship construction in recent years, combining beauty with convenience and utility, are seen at the peak point in the Atlantic Royals. Imagine a first-class hotel, complete in every particular with music room, billiard smoking rooms, dining room and close at hand large stores, hair dressers' shop and a dispensary and the Royal Edward her sister ship, the Royal George. But with this delightful difference—that while quiet, ease and pleasant social functions are filling your days you rapidly nearing "the other side."

The charms of these vessels lie largely in the variety of design and the completeness of each variety. The eyes are reflected by one passage from room to room, and a tour of the liner, apart from the delight it affords, furnishes a study in the architecture and engineering of different well-defined famous periods in history. The beautiful details of carving, while reproducing the claims of the decorative work found in the sixteenth, seventeenth and eighteenth centuries are treated with a vigorous individuality which adds considerably to their interest. In the embellishment of the public rooms and other parts of the vessel, the object aimed at has been not so much to produce a floating palace as to surround the traveling comfort and luxury with a luxurious temporary home and carried out with an appreciation of the value of beautiful things which would delight the heart of a connoisseur.

No detail for comfort and convenience has been slighted. The most recent on these ships, from such an important matter as a perfect ventilation system to the installation of electric lighting in every stateroom. With a combination system system, which in both a fire extinguisher and a ventilator, the staterooms are never too hot or cold or stuffy.

The Royal Edward and the Royal George are 145 feet long, with sixty feet beam and are 12,000 registered tonnage. Their turbine engine systems speed them, with a minimum of vibration, at over 20 knots an hour.

The ships are divided into ten compartments by water-tight bulkheads, while a cellular double bottom has been fitted from stem to stern.

Such maintenance a wireless service throughout the 24 hours of the day, and were among the first to carry two wireless operators so that communication might be uninterrupted both day and night, and both are equipped with powerful searchlight.

A Bruce Smith, manager of telegraph on the Grand Trunk system, after witnessing the driving of the last spike on the Grand Trunk Pacific and the opening of the first through train to Prince Rupert, tells of another interesting ceremony that took place at Nechako Crossing, where the steel met. This was the linking of the wires.

At exactly the same mile post that marked the last spike ceremony the

NOTED ECONOMIST AND AUTHOR WILL GIVE LECTURE HERE

The Edmonton council of the Knights of Columbus has completed arrangements for the lecture on Christianity versus Socialism, which is to be given by David Goldstein of Boston on the 18th inst. at the Empire auditorium. Mr. Goldstein is a noted lecturer and has played an active part in the Clear Markers International union, in which he proudly boasts that he holds a 35th degree.

DAVID GOLDSTEIN

There are about 1500 yards in the lot—fine Swiss makes in skating or dancing, 27 to 45 inches wide. Suitable for infants and children's dresses and women's dresses and under garments. Regularly \$6 to 7.50. Friday Bargain 45c

year-old card. As a delegate to the Massachusetts state convention of the American Federation of Labor he was instrumental in having the first positive pronouncement passed by a state convention of trade unions against the propaganda of socialism within the trade union movement, and the socialist attempt from without to destroy the legitimate unions of labor by the organization of the Industrial Workers of the World.

There is no doubt that Mr. Goldstein knows his subject and knows how to tell others what he knows. In a good, clear, capable manner he presents his reasons, why, the American socialist should take a decided stand against socialism. The bulletin of Oberlin, Ohio, which has followed Mr. Goldstein's career on the lecture platform, says:

Wherever Mr. David Goldstein has lectured he arouses the anger of the socialists, who invariably flock to hear and quote the speaker, but with an embarrassment to the speaker, but in every instance Mr. Goldstein has met the enemy, disclosed their tactics and completely defeated them. As a lecturer he is grand, but it is in answering questions of all kinds that would confuse and defeat the average orator, that he is supreme, yet, unassuming. This has been often acknowledged by people who themselves are no novices in this work.

Mr. Goldstein is the secretary of the Boston school of Political Economy and author of "Socialism, the Nation of Fatherless Children." The local council of the Knights of Columbus has delayed all expenses and invited all the ministers and all the socialists of the city to attend the lecture.
